

Lesson Plan

Fire Rescue Crossword

Book: *Working at a Fire Station*

Series: People at Work

Level: Scout

Objective

To help students practice using context clues to match words to their meanings.

Supplies

- *Working at a Fire Station* book
- Fire Rescue Crossword (attached)

Before the Activity

Print a copy of the Fire Rescue Crossword for each student. Then read *Working at a Fire Station* out loud as a class, choosing a different student to read the text on each page.

Activity

Give each student a copy of the Fire Rescue Crossword. Explain that each term in the word bank matches one of the clues. Students should figure out which term matches each clue. They can use the page number at the end of each clue to look in the book for help. Then, students should write the words in the numbered spaces in the crossword, putting one letter in each square. For terms that are two words long, students can skip the space between words when writing their answers.

Evaluation

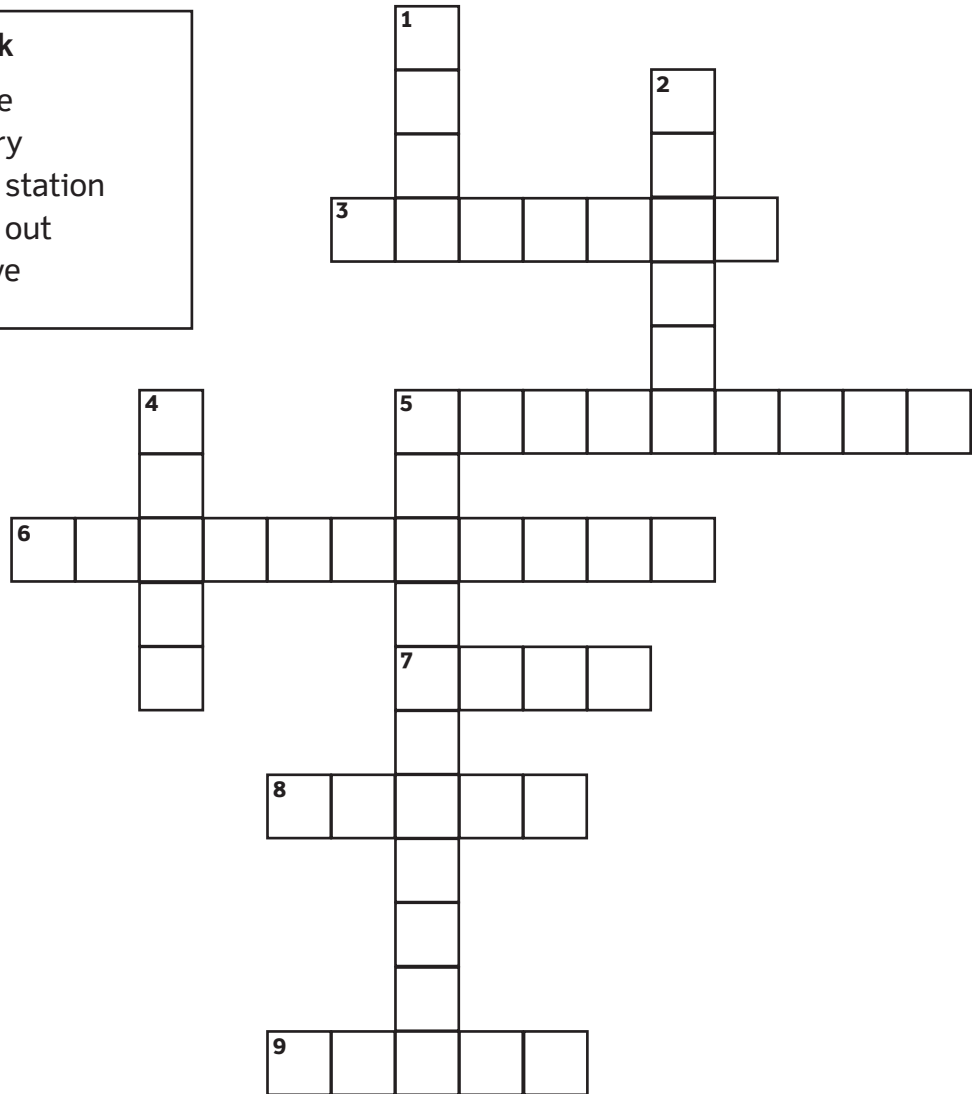

Use the attached answer key to give students 1 point for each term they write in the correct space, for a total of 10 points.

Standards

This lesson may be used to address the Common Core State Standards' reading standards: foundational skills, grade 1 (RF 1.4).
