# F@CUS READERS

## **Curriculum Standards**

Series: What Did We Do?

Level: Beacon

#### **Standards Achieved**

This series supports the following Common Core State Standards, National Council for Social Studies Standards, and National Science Education Standards.

#### **Common Core State Standards**

| Key Ideas and Details                 | RI 3.1 | Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.  |
|---------------------------------------|--------|--|
|                                       | RI 3.2 | Determine the main idea of a text; recount the key details and explain how they support the main idea.   |
| Craft and Structure                   | RI 3.4 | Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 3 topic or subject area.                                     |
|                                       | RI 3.5 | Use text features and search tools (e.g., key words, sidebars, hyperlinks) to locate information relevant to a given topic efficiently.                                    |
|                                       | RI 3.8 | Describe the logical connection between particular sentences and paragraphs in a text (e.g., comparison, cause/effect, first/second/third in a sequence).                  |
| Key Ideas and Details                 | RI 4.1 | Refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.   |
|                                       | RI 4.2 | Determine the main idea of a text and explain how it is supported by key details; summarize the text.  |
| Craft and Structure                   | RI 4.4 | Determine the meaning of general academic and domain-specific words or phrases in a text relevant to a grade 4 topic or subject area.                                      |
|                                       | RI 4.5 | Describe the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in a text or part of a text.      |
| Key Ideas and Details                 | RI 5.1 | Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.  |
|                                       | RI 5.2 | Determine two or more main ideas of a text and explain how they are supported by key details; summarize the text.  |
| Craft and Structure                   | RI 5.4 | Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 5 topic or subject area.                                     |
|                                       | RI 5.5 | Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts. |
| Integration of<br>Knowledge and Ideas | RI 5.8 | Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which point(s).                     |

## **National Council for Social Studies Standards**

| Time, Continuity, and Change     | 2 | Social studies programs should include experiences that provide for the study of the past and its legacy.                              |
|----------------------------------|---|--|
| Science, Technology, and Society | 8 | Social studies programs should include experiences that provide for the study of relationships among science, technology, and society. |

## **National Science Education Standards**

| Science and<br>Technology | Content Standard E,<br>grades K–4 | As a result of activities in in grades K–4, all students should develop abilities of technological design, understanding about science and technology, and abilities to distinguish between natural objects and objects made by humans. |
|---------------------------|-----------------------------------|---|
| Science and<br>Technology | Content Standard E, grades 5–8    | As a result of activities in in grades 5–8, all students should develop abilities of technological design and understanding about science and technology.   |
