SPINOSAURUS

2. If you found a Spinosaurus bone, would you keep it, sell it, or give it to a museum? Why?	

1. Write a paragraph describing how Spinosaurus was similar to a crocodile.

- **3.** Where were the first Spinosaurus bones found?
 - A. Morocco
 - **B.** Egypt
 - **C.** Italy
- **4.** Why would paleontologists use the hands from a different dinosaur to reconstruct a Spinosaurus skeleton?
 - **A.** They wanted to create a new dinosaur species.
 - **B.** They assumed the hands were similar since the dinosaurs were closely related.
 - **C.** They hoped the hands would make Spinosaurus look more ferocious.
